

# Dairy Road Complete Streets Project

<<<||Complete Streets are designed for all users||>>>

## Why we need Complete Streets

Dairy Rd, Kahului

### Safety

Complete Streets can save lives, reducing the number of pedestrian crashes (both fatal & non-fatal) & improve safety for motorists & bicyclists.\*

### Connectivity

Continuous networks to promote different modes of transportation for bikes and pedestrians provided by Complete Streets "projects", are important for encouraging physical activity & health.\*

### Economic Vitality

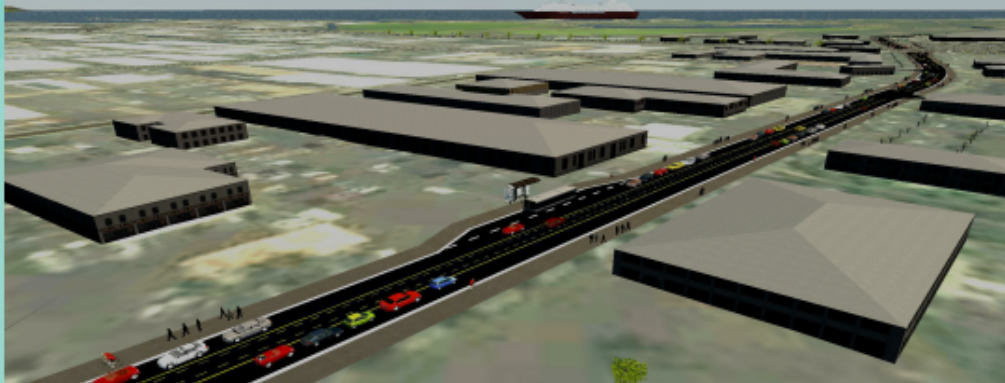

Complete Streets can also help stimulate local economies, improve social interactions, improve property values & create a sense of place amongst community members.\*

# Join us March 22nd

———— @ Down To Earth 5pm-7pm Info Session ————
